

REPORT ON SALE OF GUNS MUST BE MADE WEEKLY

City Attorney's Office Takes
Steps to Prevent Indiscrimi-
nate Sale of Weapons

Sale of revolvers, automatic pistols and ammunition can easily be restricted, and according to W. T. Carden, deputy city attorney, will be restricted.

The criminally inclined, the degenerate, the would-be gun-man, the bully who has scares women and children in the outlying districts, will not be able to walk into a hardware or second-hand shop and laying down a few dollars be able to buy an agent of death without question. Examination of the law relating to the sale of weapons, made as the result of a request of the city clerk for an opinion as to whether a report compiled with the law, revealed that there is one very important section that has never been heeded by any of the firearms dealers of the city.

Weekly Reports Demanded.

It provides that a report of every weapon sold shall be made by the dealer to the city clerk and the sheriff "forthwith." The dictionary defines "forthwith (law)" as "within a reasonable time usually 24 hours." Carden has decided to define it as within a week, and to that end has devised a new report from which will be sent out to all dealers. It calls for a weekly report of the name and address of every purchaser of firearms, ammunition or weapons, the maker's name, description of weapon, factory number, date of sale and other details. The sheriff and clerk are each to have copies.

"Once we have these reports coming in the intent of the law will be fulfilled," said Carden this morning. "It requires that every purchaser of a weapon shall report his purchase, name and address and other details to the city clerk immediately. Obviously such a provision is useless unless the clerk has some means of knowing whether all purchases are reported to him. The only way this can be done is by comparing the report of purchases with reports of sales. If they do not agree, if there is not a purchase record for every sale record, it probably means that someone is going to jail for a little rest."

The sheriff will receive a duplicate copy of the weekly sales report and checking over it he will be able to ascertain the criminals who have bought weapons. There is no provision of the law that it stands which enable him to disarm them, but he will know who has to be watched.

"There are undoubtedly large numbers of people in the city who have firearms and have never reported the fact to the city clerk, not knowing that by their neglect they make themselves liable to a fine of \$500 and six months imprisonment," said Carden this morning. "I am going to ask the sheriff to start a campaign to bring them in next week. By arresting all suspicious character and searching them we had ought to be able to disarm a large portion of the dangerous classes and send them to jail."

Crooked Gambling Layout and Gun Fail To Convince Judge Men Need Jail Terms

Here is the crooked gambling layout seized by the detective bureau in a barber shop at King and Alakea streets. The detectives say it is one of the smoothest devices for fleecing the unwary gamblers they have ever seen. R. T. Snyder, one of the men arrested for running the game, got off with a fine of \$200, and D. Patton, the other, with a fine of \$250. In the photo above, taken yesterday afternoon, are Captain of Detectives McDuffie, on the left, and A. K. Kalana of his department.

GAMBLERS ESCAPE PRISON TERMS, FINES IMPOSED

(Continued from page one)

Patton's case is \$1000 fine and one year imprisonment, but to the fact that Patton pleaded guilty and promised to quit the country, Judge Monarrat believes the \$250 fine was sufficient. The gambling paraphernalia was not found in Patton's room but in a closet nearby. It had not been proven that the outfit was his and no testimony was introduced by the prosecution as to the nature and extent of the "bunko" cards and dice.

"If Patton had pleaded not guilty and we had gone to trial," said Prosecuting Attorney Chillingworth, "we might have had considerable difficulty in convicting him. Considering all sides of the case, the prosecution is satisfied with the court's decision."

Varied Assortment Seized.
In McDuffie's "find" yesterday were over 60 decks of marked cards and nearly 50 unmarked. There are several "monte" packs and 10 boxes of various dice, some "loaded" and some not. Many of the dice are known as "percentage" dice. Two vices for holding dice to be loaded; drills, quick silver for "loading," plaster of paris for covering holes, dental filling preparations, paints and inks for marking dice and cards are in the layout.

Most of the "crooked" cards were marked in the factory, thus deceiving suspicious players with the unbroken seal. Only two decks in the lot had been marked by hand. McDuffie is an expert on the gamblers' crooked ways and detected the markings as soon as he ran a pack through his fingers.

Besides the cards and dice there were several pamphlets listing "chuck-a-luck" contraptions and various "hold-out" games. One of these, called the Blue Book, must be sent by express.

The six-shooter and cartridges were found in "Dud" Patton's room, according to McDuffie.

JAPANESE PLAY WILL BE GIVEN

A picturesque Japanese play, with stage and costumes a la Nippon, will be put on tomorrow afternoon, beginning at 2:30 at the Kaiulani school grounds, where the summer vacation school for children is in progress. This is part of the plan of interesting all nationalities in this school, and the Japanese Women's Society, which was founded by Miss H. Arita a few months ago, has secured the Japanese aggregation, which is in charge of R. Murata. It promises to be very interesting and tourists in the city will find it attractive. There is no charge for admission, and if the weather is fine the stage will be set in the open.
